

1

Daily Cleaning carefully vacuum floor area, making sure that the surface is free from any dirt or debris that may scratch the wood

2

Mop with with **Kährs Spray Mop kit** needed (typically 2-3 times a week).

3

Simply squeeze handle and spray as you mop in the direction of the wood grains

4

When needed Replace with New Refill bottle OR Refill Spray with solution

5

Refil bottle with Kährs Concentrated Cleaner mix this with lukewarm water:
Lacquered Floors:
 10 ML in 1L of Water
Oiled Floors:
 20 ML Cleaner in 1L of Water

6

After each use remove **Microfiber Mop** and wash with water only. When you notice the microfiber mop is worn out replace it with a new one.
